

## ANNA BISSO

Hexagonal lantern in classic style, made of shockproof resin material, UV stabilised, rust and corrosion-free. Modular construction suitable for post top, hanging and wall installation. Insulation class II, protection rating IP55.

**Decorative** pinnacle to be mounted on the roof top for post installation or on the lantern base for hanging installation.

**Body** lantern roof made of shockproof resin material, UV stabilised and supplied with E27 lampholder. Tool-free opening for relamping and maintenance.

**Diffuser** made of UV stabilised PMMA resistant to yellowing process due to sun rays, available in clear and provided with recess for power cable supply. Made of one piece only and closed at the bottom to ensure high protection against external agents.
